## NOMINATION COMMITTEE CHAIRMAN

With the election coming up in November we really need you to step up and volunteer for the Board!

Since I am in Ohio presently, anyone interested in running for the Board is welcome to contact me, on my cell phone number, 937-657-4930. Either text me or call and please leave a message. Also contact me via my email address, which is, [eeundu1@aol.com](mailto:eeundu1@aol.com). Either contact me or one of my committee - Peg Cotter @ B-13 Little Swan Drive, phone 260-417-9618 or Val Wimer 724-924-2895

Thanks again for your help in this matter.

Euniece Dafler, Nomination Committee Chairman

## Message from the HOA President

On behalf of the Swan Lake HOA Board, I want to take a few minutes to remind everyone of the process for hosting events at the clubhouse. We hope that this explanation will clear up any misconceptions that some folks have.

## HOA APPROVED EVENT:

There is an HOA Events Calendar posted in the clubhouse. **Anything outside of that HOA calendar must be run past the Event Co-Ordinator**, Nel Rapini at Lot I-14. Her phone number is 609-457-8075.

Nel will explain the process, and determine if your event meets the HOA guidelines. Once approved, a plan would be set up by the host and Nel. You will be required to complete an Event Report, detailing your budget, a plan, etc. In this case, Swan Lake people attending your event would be also covered under the HOA insurance policy, as it is an added benefit to membership in the HOA. You must be a member of the HOA to be eligible.

(an example of this would be an HOA member wanting to host a breakfast, or an ice cream social for the residents)

## NON-HOA APPROVED EVENT:

If you wish to host a PRIVATE EVENT, or a NON-SPONSORED HOA event, **you will need to contact the office, and speak with the Swan Lake Office Manager**, Mary Ann Wandling at 941-756-8702. You will be required to provide proof of insurance coverage for your event, and the office will advise you of any fees for the use of the hall.

(an example of this would be a 'celebration of life' or 'private birthday party' with residents and/or non residents. ANY resident is eligible to host an event through the office, if approved by Management)

## Follow-Up Courtesy Meeting September 13, 2024

**Attendance:** Mike Fiala, Frank Gavel, Mary Ann Wandling, Helen Privitera, Connie Carpenter, Terry Carpenter, Audrey Markus, Kim Dudrich

Mike stated that we should have Liaison Meetings monthly out of season and every two weeks in season. Helen and Connie volunteered to be park representatives for these meetings.

Mike responded to the question from the last meeting regarding the cost of the road project and stated that the cost was \$225,756.

Below are the items discussed and their results.

- 1) **a-c is a list of items from last year. Are any of these in the works and what are their projected time lines?**
  - a) **Ordering backup pump to be put in place when the one in use fails and is sent out for repairs. The two will be alternated as such. (Or are we moving to one better pump as installed?)** Mike advised that they are ordering another pump as a backup pump and it only needs to be approved by corporate. Discussed the new system and stated for the time being we will stay with the current one day a week watering plan until we are sure everything is functioning properly then move to the two day a week plan.
  - b) **Cleaning the gutters and road surfaces of sand and black tar pebbles.** This was put on the list to be done. Mike also expressed concern over cracking of the road surface and stated this is being looked into.
  - c) **Outdoor lounge area and fishing dock.** There was some confusion as to whether this project was wanted. The committee advised that there was no known decision to not go forward with this. Mike advised that as the road project took precedence, the bidding on this would need to be redone. They will look at this as the next major improvement.
- 2) **There has been an ongoing problem with the supply of water for lawn irrigation. An update is requested. It should be noted that the previous manager authorized the use of city water whenever the irrigation system failed, this, I'm sure will be reflected in the overall water usage. This is of concern as it would be an increase to the pass through and it is felt there should be an adjustment to reflect this. Additionally, has this practice been ok'd with the appropriate government authority as the watering rules are set by them not management.** This was discussed in the previous meeting. At that time, it was advised that the cost of the water even when used for watering purposes had to be included in the pass-through.
- 3) **County water leaks are still causing a complete shut down in the community. Has the search for water shut offs been canceled?** Mike added this to the plans to be done as soon as possible. He also expressed the research management is doing into technologies that freeze the pipe on either side of the leak so leaks can be fixed quickly.
- 4) **What is the situation regarding the Flock security program?** Mike knew nothing about this service. The committee brought him up to speed. Since the cost is quite high for yearly maintenance fees this was left for further research. As a side note: We discussed Neighborhood alerts and nextdoor.com.
- 5) **There is a question about improvements to the kitchen area with its suggested electrical improvements. Would you consider an On Demand hot water system for the kitchen?** Upgrades to the kitchen will be discussed at such time as the clubhouse remodel is discussed. They plan was set into motion to investigate upgrading the electrical service that can not handle our two coffee pots as well as an On Demand water heater for the kitchen.
- 6) **There is still concern about repairs/reinforcement to the perimeter fencing.** Management will do a perimeter walk and fix fence and screening as needed as well as new screening as needed. Mary Ann will write an article for The Waves regarding resident responsibility for keeping the fence line free of weeds and vines and such.
- 7) **The pool had to be refilled due to a mistake by Galaxy Pools, they should have to pay for the refill and it should not go into our pass through.** Corporate will try to make Galaxy Pools responsible for this mishap. It was discussed where the money should go if they recover but no decision was made. It was decided that the best solution was to lock the pump house so Galaxy will have to come when management is here and can assure the valve is properly shut. Evidentially this problem has happened twice. Looking for a new pool company was discussed but no decision made.
- 8) Mike went into detail as to why problems with residents are not resolved more quickly. Much of it has to do with Fair Housing laws and privacy statues.

**9) The pool area is the main attraction for perspective buyers.**

- a) **As such we would like to see it primped up with some decorations. We have a volunteer to do the work if the money or decorations are provided.** Mike advised that the volunteer should do a study with prices and pictures of the purposed items and submit it for approval.
- b) **The hand rail covers are shredding and need replacing.** Only one needs replacing now and management will see that it is done.
- c) **The life rings need replacing.** These are ordered and will be replaced as soon as they arrive.
- d) **The various signs are cracked and sun faded thus need removal or replacing.** No notes on this but it was implied it would be part of 9a.
- e) **As it saves on the electric bill and thus the pass through, the solar cover needs to be replaced.** The solar cover will be replaced as soon as arrangements can be made.
- f) **A sun forger cover for the solar cover is needed to prevent sun rotting.** This will be replaced as well.

**10) Is Spectrum still a possibility? If so, could it be considered as part of the rent increase?** In the previous meeting it was stated that there was a possibility that Spectrum would lower the price further. However, we don't have a promise of this. It was discussed that since the Affordable Connectivity Program has been discontinued more people might be interested in a lower price. There was much discussion but no resolution. It was left to the community to decide if this is a possibility but management will take no further action.

**Also discussed:**

- 1) **The visitor book** – Privacy issues were stated for the management discussion to secure the book. Mike advised they are working on a system to make signing in easier and more available. In the meantime, Mary Ann advised a message can be left on her voicemail during off hours.
- 2) **Street lights** – Management had the survey done several years ago concerning this matter. They will proceed by contacting FPL with those previously approved and will research if more are needed. Another survey may need to be done.
- 3) **Reclaimed water for lawn watering** – Management had the previous study that was done several years ago. The cost at that time was ~\$20,000 initially and about \$5-6 per home per month. Prices have increased so would be higher today. No action was taken.
- 4) Mike advised that they are in the process of getting a triangular canopy over the corner of the pool area to replace the umbrella.

When asked if the results and notes of this meeting are allowed to be released, Mike answered yes but the rate of rent increase is not. He further stated that if there are ideas which the community wants for big projects other than the one discussed, residents are free to communicate them to management or OneHappyResident.

# The Origins of VETERANS DAY

Veterans Day, celebrated annually on November 11 in the United States, honors military veterans who have served in the U.S. Armed Forces. The origins of Veterans Day are closely tied to the end of World War I, also known as "The Great War," and the desire to commemorate peace and honor those who fought for it. Initially called "Armistice Day," it has since evolved into a broader celebration recognizing veterans of all wars.

### The Armistice of World War I

The roots of Veterans Day go back to the armistice that ended World War I. On November 11, 1918, at the 11th hour of the 11th day of the 11th month, an armistice between the Allied forces and Germany was signed, effectively halting the fighting. This moment marked a significant event in global history, as World War I had been one of the deadliest conflicts the world had ever seen. Though the war did not formally end until the signing of the Treaty of Versailles on June 28, 1919, the armistice was seen as the conclusion of the conflict. In 1919, U.S. President Woodrow Wilson proclaimed November 11 as the first Armistice Day. In his address to the nation, he spoke of the day as a time to reflect on the "solemn pride in the heroism of those who died in the country's service" during World War I. The day was intended as a celebration of peace and a commemoration of the soldiers who had fought valiantly to secure it.

### The Transition from Armistice Day to Veterans Day

For many years, Armistice Day was primarily a day of remembrance for those who had served in World War I. Parades, public gatherings, and moments of silence were common ways people observed the occasion, with the central theme being the valor of those who fought in that particular war. However,

the scope of Armistice Day began to change after World War II and the Korean War, as millions more Americans had served in combat, and there was a growing sentiment that all veterans, not just those from World War I, deserved recognition. In 1954, Congress, prompted by veteran organizations and public advocacy, officially changed the name of Armistice Day to Veterans Day. This shift allowed the holiday to become a time to honor veterans of all U.S. wars, whether they served during peacetime or in conflict. President Dwight D. Eisenhower signed the proclamation establishing the new observance, urging Americans to remember the sacrifices of all military veterans.

### A Day of National Reflection

Unlike Memorial Day, which honors those who died in military service, Veterans Day is a day to thank and celebrate all those who have served in the military. Ceremonies take place across the country, and many people visit national cemeteries and memorials to pay their respects. One of the most prominent ceremonies occurs at Arlington National Cemetery, where the president traditionally lays a wreath at the Tomb of the Unknown Soldier. Veterans Day serves as a reminder of the service and sacrifice of millions of men and women who have served in the U.S. military. It offers a moment to reflect not just on past wars, but also on the ongoing contributions of veterans to society. It stands as a testament to the nation's enduring commitment to those who have worn the uniform and defended its ideals.

## WORDS OF WISDOM FROM SHERIFF CHRIS

### PHONE SCAM 📞 🚨:

We continue to receive reports of scammers claiming to be Manatee County Sheriff's Office deputies and requesting payment for various reasons.

The most recently reported scam involves someone pretending to be an MCSO Civil Unit deputy (who identifies as Officer Kenny West). In multiple instances, the scammer states the person has outstanding traffic tickets and needs to pay them off to avoid having a warrant for their arrest.

Some victims believed the scammer because the scammer cited REAL traffic citations they had received and paid off in the past. Please be aware that much of this information is publicly accessible online through records on your county's Clerk of the Court website, and scammers use this info to mislead people into trusting that their request is legitimate.

Here are a few RED FLAGS to watch out for on scam calls like this:

- ▶ Scammer impersonates a government official or law enforcement officer, often "Caller ID Spoofing" the phone numbers for real agencies.
- ▶ Scammer instills a sense of urgency and threat of impending consequences
- ▶ Scammer uses information that is publicly available to gain trust
- ▶ Scammer requests payment through gift cards, cash transfer apps, or a mail courier service

Remember - we will never ask for money to avoid an arrest warrant! If you experience a call like this from someone claiming to be a deputy or staff member of the Manatee County Sheriff's Office, do not provide payment. Hang up and call us on our non-emergency phone line to report the call: (941) 747-3011.

## Some Things We Need to Remember

- Please be sure to obey all traffic signs throughout our community. Please also be aware of and respect pedestrians and bicyclists.
- Please walk your property to make sure it looks clean and trimmed. Be sure to inform the office who will be responsible to keep it trimmed if you are going to be away.
- Make sure management has your current phone numbers and e-mail addresses.
- Let the office know if you are leaving for an extended period of time.
- Make sure all visitors are registered with the office when they arrive and when they leave.
- If you are having work done on or around your home, make sure the contractors are qualified, bonded, licensed and insured.
- If you have concerns about safety in our community, please dial 911 for assistance from Manatee Sheriff's Patrol. Help keep our park safe.
- Please follow the Southwest Florida Management guidelines for use of lake water on your lawns. In addition, all timers on sprinkling systems must be outfitted with rain sensors to shut off the system in the event of a rain shower.
- Parking in the clubhouse parking lot requires a parking permit issued by management.
- If you have pets, they may be walked in the areas designated for this purpose. They may be walked on community streets as long as they are on a non-retractable lease no longer than 6 feet and their waste is promptly picked up and disposed of properly. Picking up after your pet is a must to keep our community clean. Do not allow your pet on other resident's yards. No pets are allowed in the clubhouse, parking lot or pool area. Visitors are not allowed to bring animals into the community.
- Please do not postdate rent checks.

## The Lending Library

Books, DVDs, and puzzles are available free for all community residents to borrow.

To return borrowed articles simply place them into the Returns Basket on the table in the library area.

To donate items that are in good shape, please bring them to the library for consideration. Place them in the Returns Basket to be sorted and filed. The only books that are accepted are novels, especially those by popular authors. At this time VHS tapes and nonfiction books (cookbooks and instructional books) cannot be placed into the library. Any unaccepted donations will be taken to Goodwill for disposal.

## Gordon Food Services

When shopping at Gordon Food Services (GFS) on 14th Street, please inform the cashier that you are from Swan Lake Village, and would like the points added to that membership. They have some great products and it is open to the public. The points will help our kitchen acquire some of the supplies we need from time to time.

Thank you for your contributions.
